As we enter the months of summer break, outdoor concerts, bike rides, beach and picnic gatherings, and sporting events I think how truly blessed our community is. Driving through Sonoma County, visiting Lake Sonoma and seeing the sparkling water top at almost 100%, I teared up with delight. Our community has gone through so much since 2017, and people continue to rebuild their lives, businesses, and homes, but this year nature is helping. I feel it's providing a sense of relief.

Just like the relief I felt yesterday and continue to feel today, so many individuals Habitat serves are feeling a sigh of relief due to the support you've provided to Habitat and the programs.

Just like nature, life is unpredictable, but together, as a community, we help others.

Sincerely,

Jacqui Salyer
Director of Fund Development and Programs

Acts of Kindness

4-17-23

Megan and Nathan,

It was great meeting you both. Thank you so much for the timely response and kindness as we found ourselves in an unexpected situation.

Megan, you were so responsive and smoothly negotiated our initial meetings. Nathan, we appreciated your obvious expertise and attention to detail. Your (both of your) professionalism and openness, being who you are, people like you, make Habitat for Humanity the wonderful organization it is.

Habitat of Sonoma County Acts of Kindness program-

A perfect way to start a weekend. Sharing a "Thank you" card Megan and Nathan received.

Susan received a plumbing estimate for \$1k+ from a licensed plumber. She called to see if Habitat could help. Nathan and Megan went to visit her home. Turns out it wasn't a \$\$\$\$ repair. Nathan went and purchased a few supplies, went to Susan's, and a little later at no cost, her plumbing leak was fixed. Saving Susan \$1K+.

Thank you for helping Habitat, help Susan.

Meet a Habitat for Sonoma County Board Member

Maia Lomax, Board member for six years-

I have been in the mortgage business for over 40 years and have worked on all types of loans and properties - residential, commercial, multi-family, construction, etc. and have thorough knowledge and understanding of underwriting policies for both conventional and government loans. I currently work for Omega Mortgage Group in Santa Rosa where I am the branch manager. I have also worked for Luther Burbank Savings, Exchange Bank and owned my own company.

I have been volunteering with Habitat for over 6 years now, starting with setting up the Homeowner Financial Education classes and as a member of the Homeowner Selection Committee. I also volunteer with FAST (Financial Abuse Specialist Team). We work with local law enforcement and the DA's office to help investigate and bring to justice people who commit acts of abuse against elders. I grew up in Sonoma County, graduating from El Molino a LONG time ago and have two grown children and four beautiful grandchildren.

Habitat for Humanity ReStore
